# MY FIRST WORK:

By means of parallels  
and perpendiculars  
we will draw this  
incredible grid!

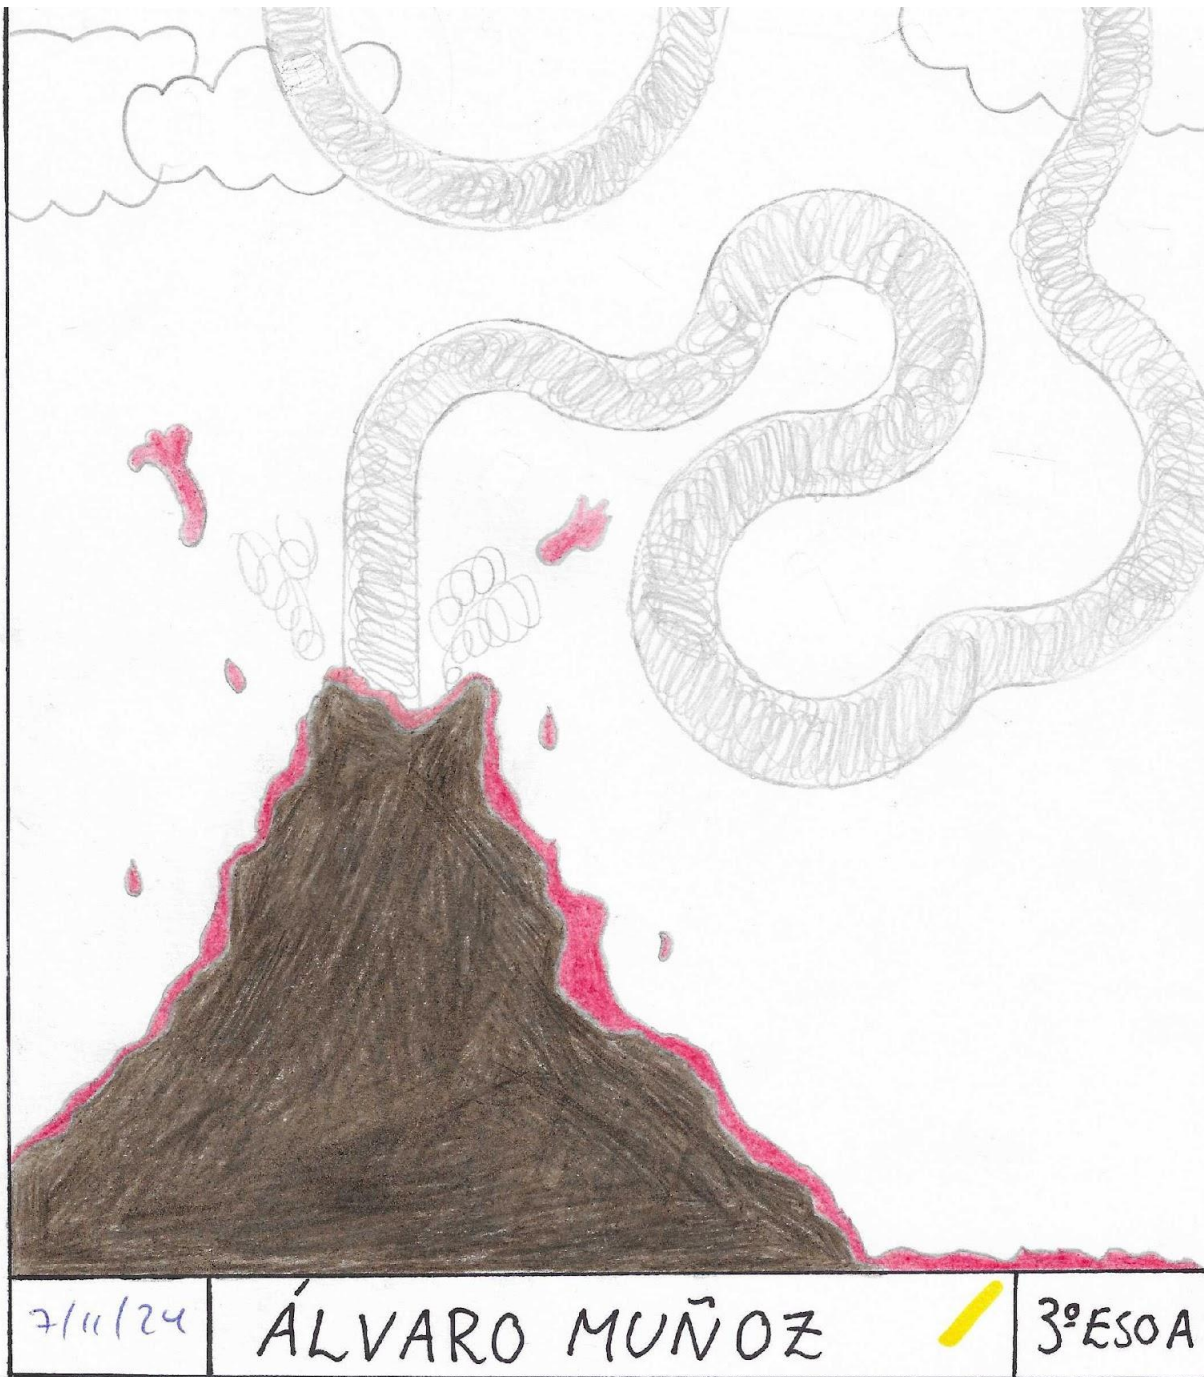

# THE AI RESULT:

.....

*Description used:*

32x32 pixel art style  
grid with the character  
Kirby centered in the  
sheet and a cosmic  
star in the background.

# MY SECOND WORK:

---

Thanks to the laws of tangencies, we will draw curves along the sheet!

# THE AI RESULT:

## *Description used:*

Volcano that emits  
gases that create  
circular shapes in the  
air through the use of  
tengences and

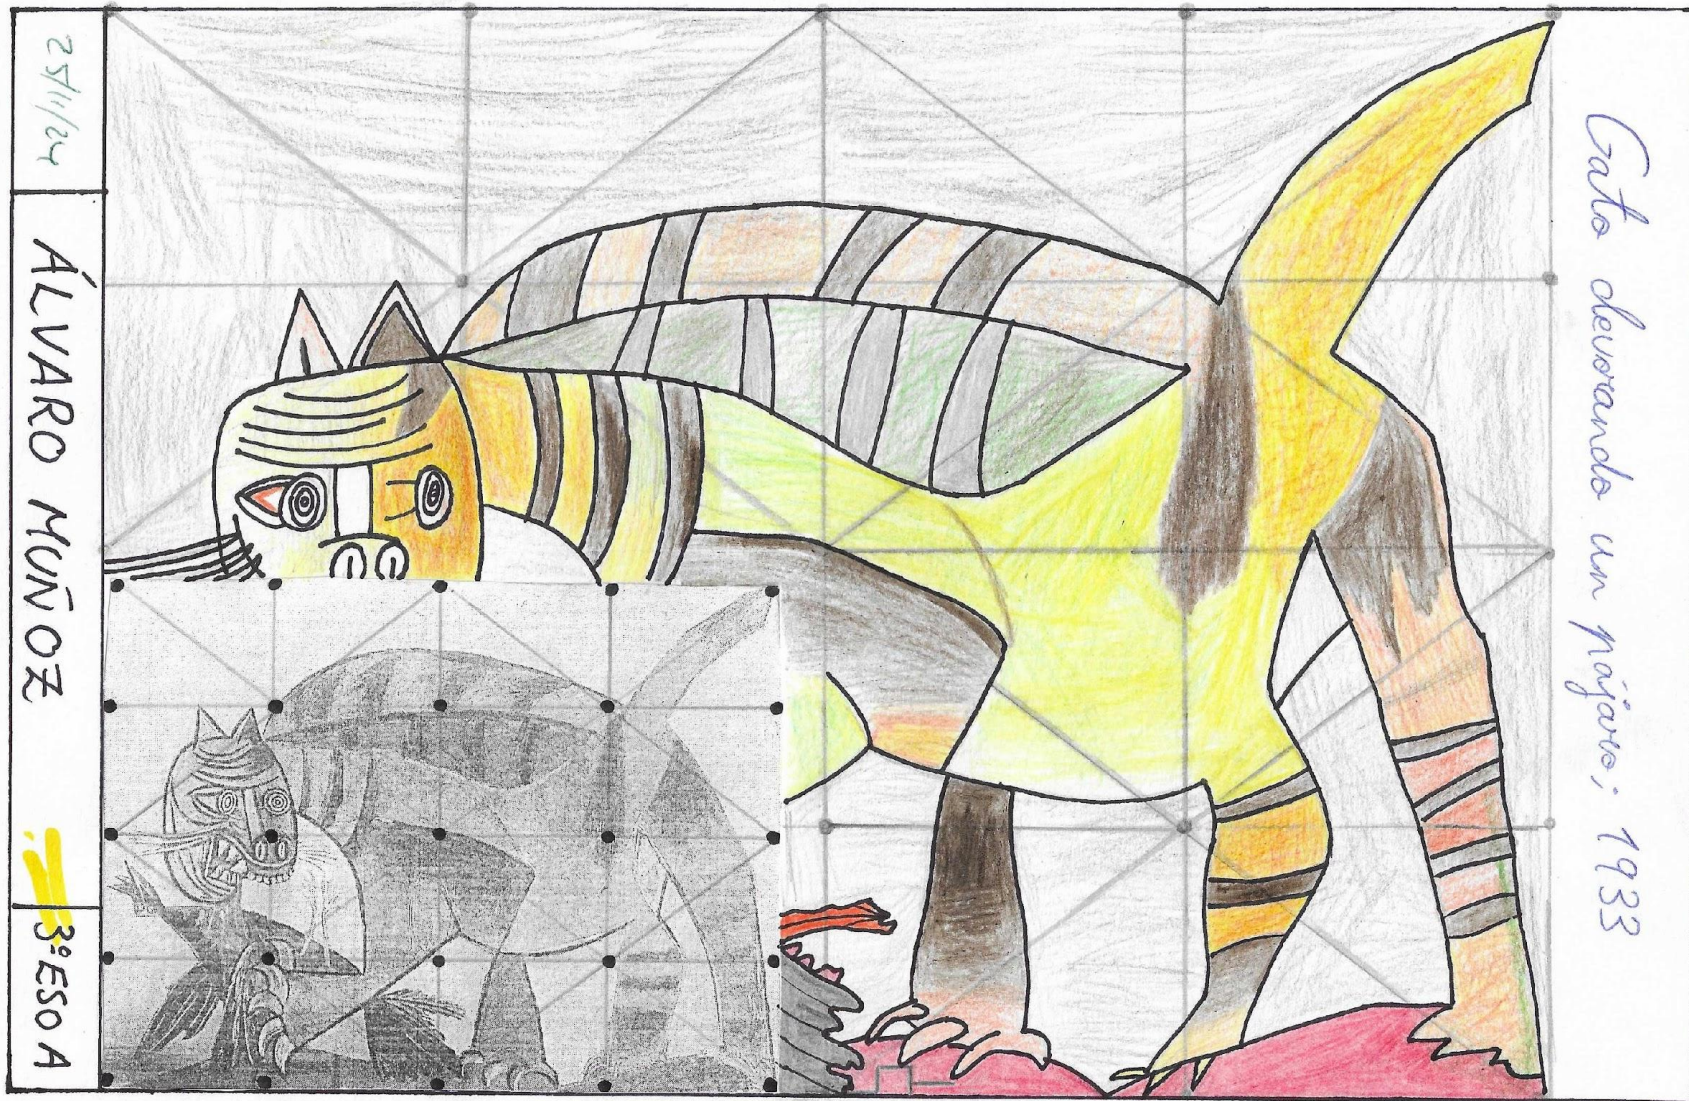

# MY THIRD WORK:

---

Through  
proportionality,  
we will be able  
to make a work  
by Picasso as  
realistic as if  
Picasso himself  
had done it!

# THE AI RESULT:

---

## *Description used:*

Create a painting of a cat devouring a bird in Picasso's artistic style

THIS IS THE  
END!  
THANKS FOR  
YOUR  
ATTENTION!
